

February 12, 1974

PRESIDENT: Stand by. Do we have a motion there from Senator Carpenter.

CLERK: Negative.

PRESIDENT: All right, Senator Carpenter then, for what purpose do you rise?

SENATOR CARPENTER: Well, I just want to move that as Chairman of the Executive Board and without other authority than myself we put Senator Duis's bill on General File without a hearing.

PRESIDENT: That's just a Reference Committee Report, that's fine.

CLERK: We have two bills for you to refer.

SENATOR CARPENTER: Where does it go now?

CLERK: To the Reference Committee.

SENATOR CARPENTER: And then we will give you a letter to that affect.

PRESIDENT: Yes, thank you.

CLERK: Mr. President, notice of Committee Hearings Constitutional Revision and Recreation have set bills for February 21st (Signed) Senator Syas.

PRESIDENT: Are there any other bills for introduction? If there are no other bills for introduction we are ready for the consideration of bills on Select File. Senator Cavanaugh in the Chamber?

CLERK: Mr. President, the E & R amendments to LB 613 were adopted yesterday and the bill was laid over and I believe at the request of Senator Cavanaugh. He has inserted in the Journal various amendments found on page 523 of the Legislative Journal. And in addition he has now offered us another amendment to some amendments offered by Senator Carpenter, page page 522 of the Journal.

SENATOR CAVANAUGH: Well the amendment that I distributed this morning is a substitute amendment for the one that was offered earlier. And it's an amendment to Senator Carpenter's amendment, because Senator Carpenter struck section 1 of this original bill which was the section that I was originally amending. The amendment is the same in substance as the amendment that was offered previously in that it simply increases the eligibility the income eligibility requirements of the Homestead Exemption. I also distributed a Fiscal Impact supplied to my by the Revenue Department that indicates that according to their figures, the affect of my amendment would be to increase the number of eligible possible eligible recipients by 8,000 with an estimated Fiscal Impact of one million seven. So I move the adoption of the amendment.

PRESIDENT: Now, Senator Cavanaugh would you give us a little direction here as to which amendment now that you are talking about.

SENATOR CAVANAUGH: The substitute amendment that I supplied the Clerk with here this morning. That is the substitute amendment that was offered earlier in the week.
